MIGRATION AND ITS IMPACT ON SOCIO- ECONOMIC DEVELOPMENT OF NORTH EAST INDIA WITH SPECIAL REFERENCE TO ASSAM

✍ Bijit Saikia
✍ Sushitra Borah

Abstract:

The North East state consist of comprising eight state – Assam, Arunachal Pradesh, Meghalaya, Manipur, Tripura, Nagaland, Mizoram and Sikkim. The regions are main corridor of India with inter-connectivity the foreign states. The states are comparatively economically poor and cooperation are bifurcation by the geographically demarcation. The areas are facing the problem of transportation, facility of electricity, problem of education which are interlinked only 22 km of the Indian Territory which are regarded as battle neck.

After independence India it has faced the huge migration from the side of Bangladesh which was created in 1971. The migration is badly impact on the political system, economic system, impact on employment etc. In the long time facing the problem of migration changing the government but problems are not become as permanent solution. The paper have been tried to highlight basic fact of events.

1. Introduction:

Migration is the movement of people from one place to another. Migration happens for a range of reasons. These can be economic, social, political or environmental. Migration happens from one state to other state in the same times.

The north-east is the state which is main corridor of India maintains relationship with foreign state. The North East comprising eight state, namely Assam, Nagaland, Arunachal Pradesh, Manipur, Tripura, Meghalaya, Sikkim & Mizoram. There have living in many tribes in the region which language, religion, tradition also differences among the peoples. The north east is separated from
