2. National Education Policy (NEP)

The National Education Policy (NEP) is a visionary initiative that aims to transform the Indian education system by introducing several reforms. One of the key features of the NEP is the broad based multidisciplinary Undergraduate Education, which allows students to acquire 21st Century skills such as critical thinking, creativity and developing specialized knowledge in their chosen fields of study. The NEP enables students to pursue one or more areas of interest at a deeper level, and to tailor their learning paths according to their aspirations and abilities. The NEP also seeks to bring equity, efficiency and academic excellence in the National Higher Education System by ensuring access, affordability and quality of education for all. The NEP is a holistic and comprehensive approach that will prepare the students for the challenges and opportunities of the future.
