

## HEALTH FACILITIES

The Hatiyekhowa Primary Health Centre is located within 200-meters radius of the college campus, providing health assistance for routine check-ups, vaccinations and other services. The college has an informal agreement with the centre for both routine and emergency period.

### **Students are provided with the following facilities:**

- The college provides an on-call ambulance and a plan for transporting students to the nearest hospital in emergencies.
- The college organizes programs focusing on hygiene, nutrition, physical fitness, and preventing common illnesses.
- Vaccination drives were organized during “covid 19 pandemic”
- The college organizes immunization programs against common diseases.
- The college provides sanitary napkins for students.
- The college offers assistance for students with disabilities.
