

Activity: Contribution of Coconut Saplings by Alumni

Date: 11th October 2025

Organized by Alumni Association:

Objective: To promote environmental sustainability through plantation and the development of a greener college campus and to encourage active participation of alumni in the overall development and welfare of the institution.

On 11 October 2025, alumnus Sh. Kusha Tanti (ex-student of Assamese department) made a valuable contribution to the college by donating coconut saplings as part of the institution's Green Campus and environmental sustainability initiatives. The saplings were formally handed over to the college in the presence of faculty members and representatives of the Alumni Association.

The college sincerely acknowledges and appreciates the generous contribution of Sh. Kusha Tanti, whose initiative serves as an inspiration for other alumni to remain actively engaged in the growth and development of the institution.
